A dispatch from New York this morning says: The syndicate which is to build the boat which will probably protect the America's cup against the shamrock II, is composed of six representative yachtsmen, according to the Herald. They are Vice Commodore August Belmont, of the New York Yacht club; Cornelius Vanderbilt, Rear Commodore C. L. F. Robinson, Commodore Edward Brown, W. K. Vanderbilt,

of the men who will be prominent on rne new boat is E. A. Willard. The syndicate will give the charge of the boat into his hands as manager. For 20 years or so Mr. Willard has been a leading amateur at the sport. When the Vigilant returned from England, in the boat for the Defender, she was in his charge. Mr. Willard has been a member of the New York Yacht club since

SYNDICATE IS FORMED. New Defender Will be on the Water Next April.

New York, Oct. 30 .- While the personnel of the syndicate formed to build the new defender of the America's cup is withheld, the syndicate is complete. No difficulty was found in obtaining the amount of money necessary to build, equip and maintain the yacht, and very few obstacles of any character have been encountered up to this time. Vice Commodore August Belmont and Cornelius Vanderblit will be among the syndicate members, and the others will e also prominent in the yachting

There is good reason for saying that the Herreshoffs will soon start the new vessel, and unless something unforseen occurs, the new boat will be in the water the latter part of April and soon after be ready for a trial. This will give those in charge more than three months to put her in the perfect condition she should be for the international races.

It is remembered that C. Oliver Iselin. who managed the last three cup defend-ers, has retired from cup defense alto-

gether, and will neither handle the new gether, and will heither handle the new yacht nor the cup defender. It is said in Wall street that the ex-cup defender will be placed in charge of Robert Bacon of the firm of J. P. hovnski, who is to meet Fred Russell at the Colorado Athletic club at next Friday night's popular priced show, in a ten-round contest was in a scent mood last night, says the Denver Post, and again told the story how he saved Fitzsimmons from defeat at the hands of Peter Maher, and incl. dentally \$10,000 also, for which he got "thank you" from Rubby Robert after the battle was over. We all remember how the Irish champion put Fitz on the ropes dead to the world in the first round, and how the sounding of the bell saved Fitzsimmons from defeat and lost \$10,000 to Maher. There were still thirty seconds of the first round to be fought when Maher hit Fitz. A local man named Franks was official time keeper of the club, while George Clark of Chicago and Frank Moran held the watch-es for the fighters, Franks had his hand n the bell rope just as Fitz was nocked out. Choynski took in the situation at a glance, and striking Franks on the arm rang the bell, then jumped through the ropes and carried Fitz back chair limp as a rag. There no word of protest from either Maher's corner or from his time keeper. Only he Fitzsimmons followers knew what doing. It shows how unfortunate Maher was in having "dead ones" handle him for a great big fight like this one certainly was. And it again emphasized the fact that Fitzsimmons was a pretty lucky fellow in having a man like Choynski in his corner. It saved him from defeat and \$10,000. After the first round Fitz was more careful and Maher never again had a chance during the fight. The Australian used his left hand exclusively and jabbed. left hand exclusively, and jabbed Irishman from that time on until nd of the fight, when his seconds up the sponge. In his own fight McCoy the celebrated audience was not so lucky. Colored Bostonian Got the Decision Though-Good Preliminary Go.

Chicago, Oct. 30.—George Byers, the colored middle-weight of Boston, in his fight with Tim Murphy of Australia tonight at Tattersall's, proved a disappointment to the 5,000 spectators. Byers got the decision after six rounds

of tame fighting, but made such a poor showing that a number of persons left the hall in disgust during the latter part of the fight, Murphy proved to be nothing but a wild swinger, but Byers worked too slow to do much damage, ind only gained the decision by a nar

GRANTS WERE VICTORIOUS. Washington Eleven Lost but the

Game Has Been Protested. The Grant and Washington district school league teams met on the University campus yesterday afternoon, and the former defeated the latter by a score of 5 to a goose egg. The contest

was more of a running one than anything else, and the contesting elevens were about as evenly matched as could be. Protests seems to be the long suit of the Washington team, and they kicked yesterday on the grounds that the Grants had a man in their aggregation who was not a member of the school. The matter was laid before Hugh Rippeto, who is the league's offi-cial referee, and he has the matter under consideration. If it proved to be true the game will go to the Washing-ton team by default. The game con-sisted of twenty-minute halves. The following was the line-up:

to Play High School. Prior to the arrangements for the All Hallows-Y. M. C. A. game the former team agreed to go to Ogden to play the High school. Later it was understood that the game was called off and prep-arations were made for the game with the Christians. It seems that the Og-denites supposed that they were to play All Hallows the coming Saturday, and accordingly rented the grounds and arranged all the details to entertain the Salt Lake team. When Manager Gueymard learned of this state of affairs yesterday afternoon the engagement with the Y. M. C. A. was promptly called off. This leaves the field open for Saturday and unless some teams ar-range a match game there will be no range a match gar football Saturday.

The wheelmen were made happy last night by a new bicycle ordinance introduced by Councilman George Buckle at the regular council meeting. Manager McFadden and Coach Callahan Make Statements Regarding Proceeds of Games.

The Herald this morning publishes a

communication from Capt, Nels Mar getts of the Y. M. C. A. football team in which the High school comes in for a pretty liberal roast. It is stated that the High school refuses to play the Y. M. C. A., and that in the refusal the team is "actuated by two motives, either that of commercialism or that of fear." Exception seems to be taken because the High school team claims to be a purely amateur organization. Capt. Margetts enquires "Why, pray, have they taken this high amateur standing in this respect, when their whole system is impregnated with professionalism, as half of the players on their team are not regular students of the High school, and the proceeds from their games goes into the pockets of the individual players." The "News" has no desire to take either side in this matter but for the purpose of ascertaining the correctness of the statements above quoted a "News" man this morning obtained statements from Manager McFadden and also from Prof. Geo. A. Eaton on the main points in question Manager Mc-Fadden declared positively that 'for two years not one dollar of the proceeds of the games has been received by any of the players," "We have been in of the players." "We have been in debt', said Coach Callahan, "up until yesterday, when we got out of debt and now have \$20 left. In police court James Grant, the man who was arrested by Detective Pender, on suspicion of being connected with the hold up of the Pearl saloon, and was held for several days while the evidence was being gathered, was released from custody this morning. Linehaw, the bartender who was held up, could not identify him, and Grant proved to

the satisfaction of County Attorney Halverson that he was not the man wanted, so, on motion of Mr. Halveron, the case was dismissed. C. B. Seward, the man sentenced to

Last evening Detective Pender arested three boys, giving their names as ornellus Koyman, John Koyman and John Thompson, all about 14 years of age, on the charge of stealing. For me time past the merchants have en missing small articles from their es, and could not place the thief, wing that men would not steal such ittle things, these boys were suspected and kept close watch on and at last they were caught in the act of stealing from one of the stores. They will be sent before Judge Rolapp with a recom-mendation of their being sent to the State Industrial school. Last year, just before Christmas, considerable petty stealing was done by boys, and they got off with a severe reprimand but this year such lads will be dealt with more everely. The police are on the watch for such boys and they had better take warning from these lads' experience.
